

wrdw-tv channel 12 in augusta,ga. has been on a witch hunt since our new mayor took office. Her first order of business was to issue or decline a contract to our police chief. The town council voted not to renew. Since that time she has been called a racist by channel 12 news and been stalked and haressed by the news crews . Our concern is for her safety and our towns well being. We are being runover by channel 12 news. Please findout WHY. Thank you Wayne Fulmer
